

Squirrels Riding School

“making riding fun”

Dear Client,

This leaflet is intended as a rough guide to what Squirrels' offer you as a client along with what we expect from you as a customer hiring one of our animals.

The details opposite are meant to serve as a guide but we are flexible depending on your or your child's ability and age.

We are obviously mindful of both yours and our animals' welfare and safety. We will supervise all goings on both on the yard and whilst mounted.

Should we see anything happening that is unsafe or detrimental happening we reserve the right to stop it immediately. Equally should the animal you have chosen prove not to be suitable we will do all possible to swap you onto something that will give you a more enjoyable day.

We hope you enjoy your pony for the day!

The squirrels Team

***Please note that due to their immense popularity that for Mac and Kye there is a £10 surcharge on the Basic Level and a £5.00 surcharge per person on the Basic Shared. There is a £5.00 surcharge on the Full Option.**

In order to try and allow our customers to try and experience the joys of horse and pony ownership without having to actually commit to it until you are 100% sure you are ready to go

the “whole hog” you can “hire a horse” for the day for our on-site shows.

According to your budget or experience we offer 4 levels of hire

Basic – the horse is yours for the duration of the competition from mucking out through to putting him to bed and cleaning his tack when the competition is finished @ £25 per horse or pony

Basic Shared – the same as above but suits two people with different abilities or interests. So one person would do all the jumping classes and one would do all the showing classes. @ £17.50 per horse or pony

Full – No mucking out or tack cleaning afterwards involved here but you will be responsible for all grooming and show preparation @ £35 per horse or pony.

Deluxe – all you have to do is show up and ride a fully prepared horse or pony in the showing classes you have selected. Including plaiting if required £45 per horse or pony.
